

Digital Pathology Events & Training

1. Conferences

Europe is a major **hub for innovation in digital pathology and computational medicine**. The landscape features both dedicated digital pathology events and large-scale pathology congresses that have integrated AI as a primary track. In addition to international scientific societies, Belgium, the Netherlands, and Germany have **national societies for pathology and mass spectrometry** that organize annual meetings to share scientific advances and discuss developments in the field. For information on upcoming events, we refer readers to the respective society websites.

Digital pathology and AI	Date	Location	Website
International Conferences			
European Congress of Pathology (ECP)	Sep 2026	Stockholm, Sweden	Link
Medical Image Computing and Computer Assisted Intervention (MICCAI)	Sep 2026	Strasbourg, France	Link
Medical Imaging and Computer-Aided Diagnosis Conference (MICAD)	Oct 2026	Edinburgh, UK	Link
Pathology Visions	Oct 2026	San Diego, California, USA	Link
Digital Pathology & AI Congress: Europe	Dec 2026	London, UK	Link
European Congress on Digital Pathology (ECDP)	Jun 2027	Rotterdam, The Netherlands	Link
Regional Scientific Societies (NL – BE – DE)			
Nederlandse Vereniging voor Pathologie (NVVP)	Nov 2026	Utrecht, The Netherlands	Link
Belgian Society of Pathology (BSP)	Jan 2027	Brussels, Belgium	Link
Deutsches Gesellschaft für Pathologie (DGP)	May 2027	TBD	Link

Mass Spectrometry Imaging	Date	Location	Website
International Conferences			
International Mass Spectrometry Conference (IMSC)	Aug 2026	Lyon, France	Link
Mass Spectrometry & Advances in the Clinical Lab conference (MSACL)	Oct 2026	Montréal, Canada	Link
International Mass Spectrometry Imaging Society meeting (IMSIS)	Nov 2026	Kyoto, Japan	Link
American Society for Mass Spectrometry Conference (ASMS)	Jun 2027	Houston, Texas, USA	Link
Regional Scientific Societies (NL – BE – DE)			
Dutch Society for Mass Spectrometry (NVMS)	TBD	TBD	Link
Belgian Society for Mass Spectrometry (BSMS)	TBD	Kerkrade, The Netherlands	Link
German Society for Mass Spectrometry (DGMS)	Mar 2027	TBD	Link

Digital Pathology Events & Training

2. Workshops / Physical courses

Alongside scientific conferences, a wide range of (bi-)annual **workshops, summer schools, hands-on training sessions, and satellite symposia** are organized to support professional development in digital pathology and mass spectrometry. These provide valuable opportunities to gain practical skills, expand knowledge, and connect with experts in the field.

Digital pathology and AI	 Date	 Location	Website
Computational Pathology Fundamentals (Diagnexia)	Aug 2026	Oxford, UK	Link
COMputational PAtHologY and multimodaL data workshop (COMPAYL)	Sept 2026	Strasbourg, France	Link
Computational Pathology Symposium	Sept 2026	Stockholm, Sweden	Link
ESP Workshop on Digital and Computational Pathology	Sept 2026	Caltagirone, Italy	Link
ESDIP-MICCAI-ASDP Summer School in Computational Pathology	TBD	TBD	Link
Computational Pathology Training School (CPTS, Hybrid)	TBD	TBD	Link

Mass Spectrometry Imaging	 Date	 Location	Website
International School on Mass Spectrometry (IntSMS)	Sep 2026	Erice, Italy	Link
M4i Mass Spectrometry Imaging Workshop	Nov 2026	Maastricht, The Netherlands	Link
Mass Spectrometry in Biotechnology and Medicine Summer School	Jul 2027	Dubrovnik, Croatia	Link
International Mass Spectrometry School (IMSS)	Sep 2027	Alghero, Italy	Link

Digital Pathology Events & Training

3. Online courses / Tools

Numerous online learning opportunities are available in the field of digital pathology. **Webinars, (on-demand) courses, and other digital educational resources** enable participants to gain knowledge and practical insights regardless of their location. Furthermore, several providers of digital pathology and AI solutions, such as Aiforia, Visiopharm, and Roche, offer online training modules and educational programs. Please visit their respective websites for the latest course offerings.

Digital pathology and AI	Organizer	 Date	Website
ESDIP: Academy, Carousels, Webinars	European Society of Digital and Integrative Pathology	On-demand	Link
Pathology Informatics Training Resources	Association for Pathology Informatics (API)	On-demand	Link
Introduction to Histology	University of Liège	Feb 2027	Link
Overview of oncology diagnostic biomarker education resources	Pathomation	/	Link

Mass Spectrometry Imaging	Organizer	 Date	Website
ASMS Online Short Courses	American Society for Mass Spectrometry	Dec 2026	Link
